CF Charities

CONNECTING YOUTH TO CAREER-PATHWAYS
IN THE HEALTH SCIENCES

SUPER CAR SHOW
SUNDAY JUNE 12, 2016

CF Charities is doing more than helping young people achieve careers in Health Sciences - we're giving them the tools to build dreams.

Imagine a child who has the desire, knowledge, and capability to succeed in higher education, but not the books to complete assignments, or fare to travel by bus, or the fee for entrance exams.

Imagine a girl who dreams of going to college, but doesn't have a computer to fill out applications online, or someone to help her navigate the complicated student loan process.

CF Charities seeks to create opportunity where there is need, smooth transitions where there are roadblocks, and foster success from one educational milestone to the next. We collaborate with school districts, established professionals and postsecondary institutions to create a community of support.

We're inviting you to join that community.

100% of students have graduated high school ready for postsecondary opportunities.

Students are connected to state-of-the-art learning labs to prepare for their careers.

Help us meet our goal of
\$200,000
to connect youth
to bright futures

JOIN OUR MISSION

to help students dream bigger, and pave the road to help make those dreams a reality
